

NEIL D. MINER

LANDSCAPE ARCHITECT

Neil has three years of professional experience with Winston Associates. He is experienced in Project Management, Park Master Planning, Site Planning and Design, Landscape and Streetscape Design, Planting Design, Grading and Drainage, and Construction Documentation. Neil has worked with several municipalities and recreation districts to create long-lasting quality designs that meet their needs in both function and aesthetics.

Neil has an extensive knowledge of AutoCAD, as well as many of the current architectural design programs.
